Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Humphrey could remember Pennsylvania a little, although the life in the small democratic township seemed now like a dream to him. All his interests centred in the free forest, where he had grown to manhood. Now and again a longing would come upon him to see something of the great, tumultuous, seething world of whose existence he was dimly aware. There were times in the long winter evenings when he and his brother, the old father, and the brother s wife would sit round the stove after the children had been put to bed, talking of the past and the future. Then old Angell would tell his sons of the life he had once led in far-away England, before the spirit of adventure drove him forth to seek his fortune in the New World; and at such times Humphrey would listen with eager attention, feeling the stirrings of a like spirit within him, and wondering whether the vast walls of the giant forest would for ever shut him in, or whether it would be his lot some day to cross the heaving, mysterious, ever-moving ocean of which his father often spoke, and visit the country of which he was still proud to call himself a son.
