The Honeymoon Effect: A state of bliss, passion, energy and health resulting from a huge love. Your life is so beautiful that you can t wait to get up to start a new day and you thank the Universe that you are alive. Think back on the most spectacular love affair of your life - the Big One that toppled you head over heels. For most, it was a time of heartfelt bliss, robust health and abundant energy. Life was so beautiful that you couldn t wait to bound out of bed in the morning to experience more Heaven on Earth. It was the Honeymoon Effect that was to last forever. He also asserts that if we use the 50 trillion cells that live harmoniously in every healthy human body as a model, we can create not just honeymoon relationships for couples but also a super organism...
