

## Latin America: The Missing Financial Crisis

Filesize: 6.98 MB

### ***Reviews***

*The ebook is great and fantastic. We have read and i also am sure that i am going to likely to go through once again again down the road. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

## LATIN AMERICA: THE MISSING FINANCIAL CRISIS

[DOWNLOAD](#)

United Nations, United States, 2010. Paperback. Book Condition: New. 292 x 212 mm. Language: English . Brand New Book. The current episode (2007 to 09) may well be the first time since Latin America gained its independence in the early 1800s that a major economic contraction and financial calamity in the industrialised world has not caused a wave of currency, sovereign debt or banking crises in the region. What explains Latin America s unprecedented resilience in contrast with, for example, Eastern Europe s now-evident financial vulnerability? Here we review the enormous progress made by many governments in Latin America in the past decade to reduce currency mismatches, allow for more flexible exchange-rate regimes, enhance the capitalization, funding and supervision of their banking systems, encourage the development of local capital markets, and implement sounder and more credible monetary and fiscal policies. Evidently, it is not necessary to wait for an improved international financial regulation in order for reform-minded, well to managed countries to reap the most benefits from, and minimise the deleterious impact of market crises.
