Reviews

It is a single of my personal favorite publication. It usually fails to charge an excessive amount of. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Ebury Publishing. Paperback. Book Condition: new. BRAND NEW, Doctor Who: Starships and Spacestations, Justin Richards, The Doctor has his TARDIS to get him from place to place and time to time, but the rest of the Universe relies on more conventional transport. From the British Space Programme of the late twentieth century to Earth's Empire in the far future, from the terrifying Dalek Fleet to deadly Cyber Ships, this book documents the many starships and space stations that the Doctor and his companions have encountered on their adventures. He has solved mysteries on space stations and stopped invasions spearheaded by starships. He has been held prisoner in space, escaped from the moon, witnessed the arrival of the Sycorax and the crash landing of a space pig. More than anyone else, the Doctor has seen the development of space travel between countless worlds. In this stunningly-illustrated book, Doctor Who historian Justin Richards documents the amazing story of Earth's ventures into space and examines the many alien fleets who have paid Earth a visit.
