*A brand new electronic book with a new standpoint. It is written in basic phrases rather than confusing. It has been designed in an extremely basic way which is merely right after I finished reading through this publication where basically altered me, change the way I believe.*

## ORDER, CONFLICT, AND VIOLENCE

Cambridge University Press. Paperback. Book Condition: New. Paperback. 452 pages. Dimensions: 8.9in. x 6.0in. x 1.2in. There might appear to be little that binds the study of order and the study of violence and conflict. Bloodshed in its multiple forms is often seen as something separate from and unrelated to the domains of normal politics that constitute what we think of as order. But violence is used to create order, to maintain it, and to uphold it in the face of challenges. This volume demonstrates the myriad ways in which order and violence are inextricably intertwined. The chapters embrace such varied disciplines as political science, economics, history, sociology, philosophy, and law; employ different methodologies, from game theory to statistical modeling to in-depth historical narrative to anthropological ethnography; and focus on different units of analysis and levels of aggregation, from the state to the individual to the world system. All are essential reading for anyone who seeks to understand current trends in global conflict. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
