There will then be no danger of the-nails growing into the flesh; or of corns, or other callosities arifing in the feet. All the methods hitherto discovered of extracting corns afford only temporary ease; and it is very dangerous to cut them too deep, on account of the many nerves running in every direction of the toes. Easy shoes, frequent bathing the feet in lukewarm water, with a little salt and pot-ashes dissolved in it, and a plaster made of equal parts of Gum Galbanum, Sassron, and Camphor, are the only remedies I can recommend against this troublesome complaint. To change the hair to a darke colour, the liquid remedies, fold by the perfumers, are generally dangerous, as they consist of lead, antimony, and other metallic solutions. The only method to be purfued with safety is, to cut the hair pretty close to...

Reviews

The publication is great and fantastic. I actually have read through and i am sure that i am going to planning to go through yet again yet again down the road. I realized this pdf from my dad and i encouraged this publication to understand.
